

POLITICAL WORLD IS ABSORBED IN ELECTION RESULTS

Overwhelming Defeat of Labor is Attracting Attention of the Entire Political World—Only 215 Labor Candidates Out of 574 Are Elected in England

(By The Associated Press)
LONDON, Nov. 2.—Almost the entire attention of the political world today was absorbed in the surprising result of the municipal elections in which labor suffered an overwhelming defeat. The returns in 70 of the leading boroughs in the provinces show that out of 574 labor candidates only 215 were elected, while the conservatives elected 350 of the 450 nominated.

In London there has been a similar landslide. Labor had 573 seats on the old councils, but has only 253 on the new. Labor now holds only four London boroughs councils, namely, Battersea, Bermondsey, Poplar and Woolwich, as against 12 councils formerly held, while in eleven London boroughs not one labor representative was returned.

Because of the complete success labor had in 1919 in the municipal elections is undoubtedly a severe disappointment to the labor party, and the question on all sides is whether it forebodes a similar landslide in the coming political struggle.

MOSSOLINI EXACTS HARD WORK FROM ALL HIS MINISTERS

New Premier Spends
Fifteen Hours Per
Day at Desk

(By The Associated Press)
ROME, Nov. 2.—Benito Mussolini the new premier in addition to working 15 hours daily "exacts"—this is a favorite word of his—that all his ministers also shall work hard.

To each member of his government Mussolini has allotted a task, desiring to solve in a relatively short time the difficult problems that since the war have found no solution because of the alleged incompetence of parliament, useless party struggles and the weaknesses of the various succeeding governments which lasted only a few months each.

Mussolini is of the opinion that the most urgent question of all is the balancing of the budget. The new premier has entrusted to each of his ministers the task of suppressing any useless offices and the doing away with any unnecessary civil servants.

He has expressed the belief that a great source of economy for Italy can be obtained in a very short time by courageously suppressing all the bureaucratic parasites that have arisen from the state of socialism inaugurated by cabinets subservient to subversives, who wished to transform the entire country into a mass of civil servants in order to use them as a powerful electoral machine.

JUDGE EDWARDS SETS VERDICT OF JURY ASIDE

Had Returned Verdict Finding Voliva Guilty of Libel

(By The Associated Press)
WALKEGAN, Ill., Nov. 2.—After having been found guilty by a jury on a charge of having libeled Rev. T. H. Nelson, pastor of the Grace Missionary church in Zion City, Wilbur Glenn Voliva, overseer of Zion, was exonerated by Judge Claire C. Edwards, who set the verdict aside.

Voliva had accused Nelson of coming from Indianapolis and joining the Christian Catholic Apostolic church of which Voliva is head to obtain information regarding its inner workings with the object of ousting Voliva. After being ousted from Voliva's church, Nelson became head of the Grace missionary church and began his action against Voliva. In setting the verdict aside, Judge Edwards strongly assailed Nelson.

START DRIVE FOR \$1,000,000

New York, Nov. 2.—The drive for a \$1,000,000 endowment fund for the Woodrow Wilson Foundation, designed to provide annual awards for distinguished service in the advancement of peace and the extension of democracy will be resumed after the elections next week, it was announced today by the foundation's executive committee.

Last winter and spring approximately \$700,000 of the needed million was subscribed.

SWIFT JUSTICE IS ADMINISTERED TO GIRL'S ABDUCTOR

Raymond E. Wilson
Gets from 35 to 40
Years in Prison

(By The Associated Press)
MUSKEGON, Mich., Nov. 2.—Amid the cheers of hundreds of angry citizens crowded into and surrounding the circuit court chambers here today, Raymond E. Wilson, confessed abductor of 11-year old Rosalie Shanty, was sentenced to imprisonment at Marquette for from 35 to 40 years, twelve hours after his arrest. The court expressed the regret a life term could not be imposed.

Thirty minutes later Wilson was on his way to prison, heavily guarded by deputy sheriffs who feared they might be unable to cope with the crowds that followed the proceedings and at times became threatening.

Muskegon tonight turned to the relief of the child who was reported slowly recovering from mistreatment and exposure, at a farm house near Dublin, Manistee county. It may be months, physicians attending her said before she regains her normal state. No effort was made today to tell the little girl her story but in her delirium she gave some idea of her experience.

"I remember when he pushed me into the automobile and I remember his," Rosalie said with a shudder. "We rode and rode and then—and her mind wandered again. Later she said:

"I am afraid my mamma will scold me. I wonder where that dolly I was working is. I hope mother put it away."

Once she spoke of being forced to enter a vacant house in the woods.

It was only by chance that the child was found alive. The forest in which she was lost is one of the wildest spots in lower Michigan with few farms and roads, only vast stretches of jack pine, heavy underbrush and swamp lands.

The child had lost most of her clothing and the tattered remnants that remained were wet. Rosalie having fallen into a creek in her wanderings thru the brush which had scratched and bruised her body.

George Shanty, father of Rosalie who was quoted early today as swearing to avenge the child's mistreatment was persuaded by his friends to remain away from the court room and none of the girl's family was present at the proceedings.

Wilson is 41 years old and has served a term in Jackson prison. He was employed as a railroad laborer at Plainville, near Grand Rapids.

LATEST CENSUS OF GREATER LONDON IS OF INTEREST

Figures Show There Are 7,480,201 Inhabitants
At Present

(By The Associated Press)
LONDON, Nov. 2.—Some interesting figures on the population of Greater London are disclosed by the latest census which gives the total number of inhabitants as 7,480,201, the highest on record.

In the county of London alone the numbers have increased from 959,310 in 1891 to 4,484,623 in 1921, the latter figures being made up of 2,071,579 males and 2,413,044 females.

The males have decreased in the last ten years by 54,762 and the females increased by 17,600. The proportion of females to 1,000 males has risen from 1,127 in 1911 to 1,165 in 1921 and there has been an increase of 25.92 in the number of males per 1,000 females during that period.

The ratio of unmarried females to 1,000 unmarried males has increased from 1,138 to 1,287 in the age group of 20 to 29 and from 1,413 to 1,886 in the age group of 30 to 39.

Death Resulted From Overwork

(By The Associated Press)
PHILADELPHIA, Nov. 2.—Too much hard and continuous work is believed by friends to have been the chief factor that led to the sudden death of Thomas DeWitt Cuyler, national railroad figure who was found in a Pennsylvania railroad private car today.

Mr. Cuyler who was chairman of the association of Railway Executives and a director in the Pennsylvania, the Santa Fe and New York, New Haven and Hartford railroads died as his car was coming into Philadelphia from Rochester, N. Y., where he spoke yesterday on railroad matters.

A report made to the coroner's office gave the cause of death as acute dilation of the heart.

The body was taken to Mr.

RELIEF IN MEXICO AT EXECUTION OF GENERAL MURGUIA

Officials Express Regret at
Death of Man Who Was
So Courageous

(By The Associated Press)
MEXICO CITY, Nov. 2.—Elimination of the last serious rebel menace to the Obregon government with the execution of General Francisco Murguia at Tepic yesterday has brought a feeling of great relief in official circles, a feeling which is tempered only by regret that circumstances necessitated taking the life of a man who was intelligent and courageous to such a high degree.

Messages are being received by President Obregon from all parts of the Republic and from many persons in the United States congratulating upon the removal of the obstacles which the rebel movement headed by Murguia represented. Confidence is expressed that Murguia's summary court martial and execution will have a salutary effect upon the lesser rebel chiefs.

A general roundup of all of Murguia's adherents in Mexico is predicted in view of the assertion of General Calles, secretary of the interior today, that their whereabouts and activities are well known to the authorities. The court martial was concluded early yesterday morning and after the pronouncement of the death sentence the condemned general spent the remainder of the night writing letters.

Shortly before 8 o'clock he asked for breakfast and ate heartily of the food brought to him, meanwhile conversing cheerfully with General Abraham Carmona who effected his capture.

His breakfast over, he declared himself ready and faced the firing squad without a tremor.

Senorita Murguia advised of her brother's capture yesterday morning appealed to President Obregon for clemency and three friends arranged for a hasty sitting of the supreme court to obtain a writ of amparo staying the execution.

The writ was returned shortly before noon and was immediately forwarded to the authorities in Tepic, but was received there after the firing squad had done its work.

GENERAL PERSHING ALSO IS GOOD DUCK HUNTER

(By The Associated Press)
NEW ORLEANS, La., Nov. 2.—General John J. Pershing, Bernard Baruch, New York financier, Major George C. Marshall, the general's aide; Governor John M. Parker and M. L. Alexander, state conservation commissioner, who for several days had been hunting ducks at Pass-A-Loutre, La., state game preserve near the mouth of the Mississippi river returned here early tonight.

The party bagged about 200 ducks which are being brought up river on the conservation's yacht Alexandria. General Pershing, Mr. Baruch and Major Marshall departed later in a special car for Washington.

BRIEFS

(By The Associated Press)
Chicago, Nov. 2.—Mrs. Ida Clodell Smith, a French wife, today was awarded a verdict of \$7,500 against her mother-in-law, Mrs. Dora Morton, of Princeton, Ill., and her sister-in-law, Mrs. Helen Nelson of this city on charges that they alienated the affections of her husband.

Dixon, Ill., Nov. 2.—Judge Henry Edwards in the circuit court this afternoon, sentenced Leonard Woodruff, convicted of manslaughter this week for the death of Herbert Long of Harmon at a carnival in Dixon, July 29, last, to the penitentiary for a term of from one year to life. The prisoner will be taken to Joliet tomorrow.

Joliet, Ill., Nov. 2.—Oscar E. Carlstrom of Alton, Ill. past commander of the Spanish American war veterans speaking today before the Association of Commerce here, said the state bonus bill to be voted upon at the coming election in an obligation to the service men and should be supported by all men and women who love their state and freedom.

Peoria, Ill., Nov. 2.—Secrets of a course in love as alleged to have been taught by a 40 year old school master to girls, are expected to be revealed during the trial of Harry W. Whitten, indicted by a grand jury on charges of three young women which opened today in circuit court.

Whitten, who is charged with conducting a "school for love", at a hotel here, was arrested last week at Duluth, Minn., at the instigation of his bondsmen. With him was a 14-year old high school girl of Peoria, whom he had married at Minneapolis under an assumed name.

Quincy, Nov. 2.—N. S. Shoulters, acting under State Prohibition Director C. A. Gregory, and R. L. Rees, under Guy Ginders, general field agent, assisted by a squad of 21 men, swooped down on Quincy this morning and made arrests of eight saloon keepers for selling and having in their possession intoxicating liquors. A large amount of "moonshine", a brew and wine was confiscated, from which samples were taken and the balance destroyed. All of the men were placed under bonds of \$1,000 each, which they furnished, and were held to the federal grand jury.

Herrin, Ill., Nov. 2.—Illinois Baptists in convention here went on record as opposed to any modification of the Volstead act. The vote was taken with the November 7 referendum on beer and wines in view. About 1,000 delegates representing 60,000 members of the Baptist church attended the convention.

Philadelphia, Nov. 2.—Thomas Dewitt Cuyler, a director of the Pennsylvania railroad company and chairman of the railroad executive association was found dead today in the private car of President Rea of the Pennsylvania in Broad street station.

Dixon, Ill., Nov. 2.—W. J. Spillane of Chicago, judgment creditor of the American Wagon Co., who forced the sale of their property here on a judgment of \$34,492 yesterday, purchased the property for \$25,000 at a sheriff's sale. The property is estimated to be worth at least \$100,000.

Springfield, Ill., Nov. 2.—Location of State Bond Route No. 17, between Kankakee and Dwight, was announced today by the State Highway Division. The route will start at the intersection of the west city limits of Kankakee with Kankakee County State Aid Route No. 1 and will run west to the west line of Kankakee county, thence south and west thru Reddick to Dwight. The location is conditional upon local interests securing necessary additional right-of-way. It was announced.

San Francisco, Cal., Nov. 2.—Lucius W. Pinkham, former governor of Hawaii, died today at the Presidio military reservation here, after an extended illness.

UNIONIZATION OF ALL MINES IS SUGGESTED

Mine Workers Committee Believes Will
Eliminate Strikes

(By The Associated Press)
WASHINGTON, Nov. 2.—Complete unionization of all the bituminous coal fields within the United States and elimination of the non-union mining areas which have supplied a part of the country's coal supply during national strikes will go far towards eliminating the general strike problem in the industry, a committee of the United Mine Workers of America reported today to the United States coal commission.

The commission which is composed of Ellis Searles, editor of the official paper of the union; John Moore, its legislative representative and Thomas Kennedy, a Pennsylvania district president held that the non-union fields, by lower scales of wages, continuous fighting of the union and otherwise, prevented stabilization in the whole industry.

As to local strikes, the committee said in answering queries of the commission a large number are due to the conduct of "rogant" petty officers of mining companies and to violations of contracts fixing wages and working conditions by either the employer or the employees. Among the members of the union itself the committee agreed there was a very small minority which occasionally violated contracts but the organization itself was said to have a traditional policy of observance of its contracts.

"The two general strikes in the industry that stand out in the minds of the public," the committee said on this point, "were those of 1919 and 1922, and were directly due to the refusal of the coal operators to negotiate new wage agreements with their employees."

The committee further suggested that the commission employ investigators to look into actual causes of coal strikes and select thoroughly competent and experienced newspaper reporters for the task. The communication was the second addressed to the commission by the miners' committee in response to a questionnaire sent out by Chairman John Hays Hammond. Employers have not as yet made public responses.

LOTS OF TROUBLE COMES FROM MAN STUBBING HIS TOE

Discovered Iron Mine That
Has Caused Lots of Litigation Since

(By The Associated Press)
CHICAGO, Nov. 2.—Stubbing his toe on a stone in the wilds of Michigan way back in 1863, Baron Tholomew, a surveyor, became the pioneer iron man of that state and now, as a result his five daughters are engaged in three suits filed here today for \$20,000 and other long drawn out litigation in several cities of Michigan.

As the first result of stubbing his toe Breen bought the 40 acres of land surrounding the stone for \$40. He died twenty years ago leaving a property which it is said has been the center of a legal battle ever since.

The suits filed today were \$50,000 against A. L. Sawyer, an attorney; \$50,000 against Eugene Carpenter an attorney of Grand Rapids and another action for \$100,000 against Sawyer his brother M. H. Sawyer, Attorney Carpenter, George Q. Van Dyke of Milwaukee, the Mineral Mining company, the Breen company and the Breen Iron company. The suits against attorneys Sawyer and Carpenter are for damages growing out of alleged false statements. That \$100,000 is for income from mining property said to have been lost thru failure to operate during the year.

CHRISTIANS ARE LEAVING ANATOLIA

Constantinople, Nov. 2.—All the Christians in Anatolia, numbering according to the latest estimate of the league of nations, a million and a half, are emigrating apparently by order of the Angora government. Thousands of destitute Christians are trudging in the direction of the coast while all the Christian orphans are already on their way to the coast towns.

Barton, Oak Park, Illinois, author of the life of Abraham Lincoln. "The soul of Abraham Lincoln" and biographies of the emancipator.

MANY DIE AS RESULT OF AUTO ACCIDENTS DURING YEAR OF 1921

Total Number of Deaths Was 10,168, An Increase of 1,088 Over Year 1920—The Greatest Increase Was in California—Illinois Also Shows Increase of 2.2 Per Cent

(By The Associated Press)
WASHINGTON, Nov. 2.—There were 10,168 deaths from accidents caused by automobiles and other motor vehicles including motorcycles during 1921 in the death registration area of the United States comprising 34 states and containing 82 per cent of the country's population, the census bureau announced today.

That was an increase of 1,058 over 1920. The death rate per 100,000 population was 11.5 compared with 10.4 in 1920. California led all states in the death rate, while among the cities of 100,000 or more population Los Angeles led.

There was an increase of about 28 per cent in the automobile death rate from 1917 to 1921, while the actual number of casualties in 27 states for which data is available is increased 41.2 per cent. Deaths in the registration area by years were announced as follows:

1917, 6,724; 1918, 7,525; 1919, 7,968; 1920, 9,103; 1921, 10,168.

The rate per 100,000 in the cities was 15.8 last year an increase of 0.8 over 1920. Total deaths in the cities numbered 4,415 last year, an increase of 239 over 1920. By years the deaths in those cities were as follows:

1917—3,207.
1918—3,609.
1919—3,898.
1920—4,116.
1921—4,415.

Of the 34 states in the region area California has the highest rate with 24.4 per 100,000; Connecticut was second with 15.5 and New York third with 15.4. Mississippi has the smallest rate, 2.6, while South Carolina and Kentucky both had the next smallest with 4.3.

The largest increase in the rate per 100,000 for the states was in California with 3.3 more than in 1920, while New Hampshire showed the biggest decrease in the rate, it having been 2.8.

Twenty six of the states showed decreases; seven decreases and one, Pennsylvania, showed no change in its rate.

New York state registered the largest number of deaths with 1,632, an increase of 222 over 1920 while Delaware had the smallest number with 17, a decrease of 52. Rate per 100,000 by states.

The rate per 100,000 by states and the number increase or decrease in that state as compared with 1920 shows:

Illinois—13.4, increase 2.2.
Indiana—9.0, increase 0.6.
Michigan—11.6, increase 0.3.
Wisconsin—7.7, increase 1.4.
In the sixty-six cities, 40 showed increases in the rate while the remaining 26 showed decreases. Los Angeles had the highest rate while the remaining 25 showed decreases. Los Angeles had the highest rate with 27.1 per 100,000, an increase of 3.0 per 100,000 over 1920. Albany, N. Y., was second with 26.9, an increase of 15.5 and Youngstown, Ohio third with 25.7, a decrease of 1.0. The smallest rate was represented by New Bedford, Mass., with 7.2, a decrease of 1.8 from 1920.

Albany showed the largest increase in its rate over 1920, it having been 15.5. New York City has the largest number of deaths, 885, an increase of 112 over 1920; Chicago the second largest number, 563, an increase of 97 and Philadelphia third 100, a decrease of 36.

ARTHUR CASE TO JURY THIS MORNING

(By The Associated Press)
MONTICELLO, Ill., Nov. 2.—The case of Opal Arthur, charged with the murder of Charles Martin, Monticello, a garageman, December 30, 1921, will go to the jury Friday morning following the completion of closing arguments before Judge George A. Senel Thursday night.

The state contends Arthur, a former service man, murdered Martin at his home near Monticello, December 30, 1921 to avoid payment of a debt and threw the body into the Sangamon river. The body was found January 3, 1922, weighted by rocks. The trial has already consumed five weeks, four of which have been devoted to the taking of testimony.

GOMPERS ISSUES STATEMENT ON ALTON REQUEST

Request for Elimination
of 8-Hour Day
is Reactionary

(By The Associated Press)
WASHINGTON, Nov. 2.—The request of the Chicago & Alton Railroad company to the railroad board for the abolition of the eight hour day and extra pay for overtime, was characterized by President Gompers of the American Federation of Labor in a statement today as an indication of the confidence that the railroad have in the railroad labor board.

Mr. Gompers said he was informed that the request of the Alton was backed by all roads. If the Alton succeeds, he declared that other roads would follow with similar requests. He forecast a granting of the request on the "past conduct" of the board, adding that at the request constituted another attack on labor and saying that so long as they continue "it is impossible to give full attention to constructive work for the betterment of industrial life."

"If the railroads felt that they had to make such a reactionary move," Mr. Gompers' statement said then it is well that they did so prior to the election.

VIOLENT SCENES MARKED ANGORA'S ASSEMBLY THURSDAY

Discussion of Status of Sultan Brings About Heated Debate

(By The Associated Press)
CONSTANTINOPLE, Nov. 2.—Violent scenes marked the proceedings of the first Angora assembly during the discussion today of the status of the Sultan. A number of the opposition deputies left the hall, others favored postponement of the question until after the conclusion of peace.

Dr. Riza Nur Bey, member of the nationalist delegation to Lausanne yesterday presented a motion endorsed by 76 deputies declaring that a new Turkey had sprung from the ruins of the Ottoman empire and proclaiming the sultan non-existent. This motion was amended today by the addition of the words: "The great National assembly of Turkey will liberate the caliphate from captivity."

After a lively discussion the motion was referred to a commission of judicial experts. Mustapha Kemal Pasha in a two hour speech outlined the course of Turkish history. He pleaded for the separation of the Sultanate from the caliphate pointing out in support of his argument the inconveniences of having the sovereign and caliph identical and insisted upon the necessity of a discussion of the project.

OUR OWN "DICK" YATES.
Congressman Richard Yates came to Jacksonville yesterday in order to make an address at the one big pre-election meeting of the Republican campaign in Jacksonville. This gave him the opportunity of spending the afternoon here with long time friends, an opportunity that both he and they appreciated. There is one "Dick" Yates and Morgan county is proud of the fact that he belongs to the Republican party and that Morgan county has also a proprietary interest in him. Congressman Yates, as is true of few men of the present day, has been in touch with things political and with public life almost from his boyhood days. His legion of Jacksonville friends find great pleasure in the fact that during all of his long period of public life he has come thru with an untarnished name. There has never been a suspicion of irregularity in his private or public conduct.

Eloquent, loyal, earnest, true, Richard Yates holds a unique place in public affairs. While discussing questions from the viewpoint of history and experience, he mingles with his sentences a touch of the personal of sentiment which never fail to play upon the heart strings of his audience. Many are the Morgan county people who hope that Richard Yates will continue to serve the state in congress as long as he may seek the office.

HAS GOOD RECORD.
As a member of the legislature Earl B. Searcy gave proof of his sincere interest in the welfare of his state and district. He carried to the duties of his office both the vigor of comparative youth and the seasoned qualities that had come to him thru years of contact with public life. Now as candidate for senator in this district he can with full equanimity stand upon his record in the lower house and point to his acts there and in his years as a private citizen in proof of his earnestness of purpose and his devotion to duty. Mr. Searcy believes in dry laws and in strict economies in the conduct of the business of the state. If elected a member of the senate he will worthily and conscientiously represent Sangamon and Morgan counties.

BERTON BRALEY'S DAILY POEM
Compensation
By Berton Braley
THE singing and the dancing,
The laughter and the fun,
The wooing and romancing
Are over soon, and done,
The flirting and the courting,
The frolicking and play,
The revel and the sporting
Endure but for a day,
In time the blood grows colder,
In time the eyes grow dim,
And as we're waxing older
We live with waning vim,
Youth and its magic passes,
And by the frost of years
Is blighted, like the grasses,
When winter's snow appears.
AYE, all the merry clamor
And all the music sweet,
The spell of youth, the glamor,
Pass on with flying feet;
The feasting and the folly
Are glories swiftly past;
But oh, they make life jolly,
The little while they last!

A LOGICAL APPOINTMENT.
The election of B. F. Shafer as superintendent of the Jacksonville school system did not come as a surprise. Mr. Shafer was looked upon as the logical candidate for that position of responsibility. He has made good as principal of the high school and various periods of special training in school administration gave members of the board of education reasons for their unanimous belief that he could guide the schools of Jacksonville in the upward course they have been taking in these recent years.

(N. E. A.)
Engineers used to say that it was impossible to bridge the Hudson River at New York City. They have changed their minds. The bridge will be built. The impossibility of yesterday is the accomplishment of tomorrow. So runs civilization.
The new bridge will have for its "backbone" four cables, each 12 feet in diameter. These cables will support the central span, 3,000 feet long, without a pier in the water below.
The bridge, says one engineer, will contain 450,000 tons of steel, which is more steel than all the bridges across the Mississippi.

Congressman Guy L. Shaw, Who Is Candidate For Re-Election

At the Republican mass meeting last night Congressman Yates lauded the record of Congressman Shaw. The speaker said that from personal knowledge he knew that Congressman Shaw had used his best influence for every measure that would be beneficial to the farming community of this district, and that he had efficiently and zealously sought to improve conditions along the Illinois river.
In other statements Congressman Yates made it clear that his colleague had ably represented this 20th district and had joined with the party leaders in every effort to carry forward the policies that will be beneficial to the country at large.

How Glasses Preserve One's Youthful Appearance

It is often urged that glasses will make the wearer look old, but, as a matter of fact, wearing glasses is one of the best preservers of a youthful appearance.
This is because prolonged eyestrain causes wrinkles and "crows'-feet" to appear prematurely and give the countenance a strained, tired, drawn, cross look, which is far more to be avoided from a point of view of appearance, than from any real or fancied disfigurement caused by glasses.

COUPLE CELEBRATE 50TH ANNIVERSARY

Mr. and Mrs. Amos Henderson Are Lifelong Jacksonville Residents and of Pioneer Family.

A quiet anniversary marked the passing of the 57th year of married life of Mr. and Mrs. Amos Henderson, 412 East North Street. They were joined in marriage Oct. 28, 1865, by the Rev. Joel Goodrick of the Grace M. E. church.

Both Mr. and Mrs. Henderson are lifelong Jacksonville residents, and the parents of both were Jacksonville pioneers. Mrs. Henderson, formerly Emily Miller, was the daughter of Henry Miller, an old settler and the senior Mr. Henderson was present at the surveying of Jacksonville. The Hendersons remember well the time when log cabins were a part of the sights of the Jacksonville square. Mr. Henderson was born 82 years ago in a home on the present Grand theater site. Mrs. Henderson is just 80. They are the parents of Mrs. Clarence L. Depew of Jacksonville and of Herbert J. Henderson, superintendent of a large printing establishment in Decatur.

For years justice of the peace, Mr. Henderson still maintains an office in the Unity building, where he follows his bent for things mechanical.

ILLINOIS DEBATE CLUBS ARGUE KLAN

Fire and Humor Expected in Literary Society Meetings this Week and Next.

Interest in the K. K. K. shown in various ways by Illinois college students has culminated in the slating of two debates on the Klan for the post-recess programs of Phi Alpha and Sigma Pi Literary societies within eight days. The Phi debate is tonight and the Sig debate, a trifle more definitely worded, is scheduled for next Friday.

To many of the college men the activities of the Klan take on a humorous aspect, and it will be strange if neither of these debates brings out that viewpoint, shown in the heckling of Levin in his recent address here.

The meeting of Phi Alpha will start at 8 o'clock this evening and the following program will be given:

Essayists—Butler, Henry.

Declaimers—Cornick, Pinkerton.

Orator—Headen.

Two weeks—Reid.

Select Reader—Rogers.

Extemporizer—La Rue.

Debate—Resolved that the Ku Klux Klan is commendable.

Affirmative—Howard, Nickel.

Negative—Chaney, Goebel.

Sigma Pi will meet in the society hall at 7:45, to hear the following program:

Declaimers—Carter, Lashmet.

Readers—George, Hlatt.

Essayists—Shipley, Brown.

Two weeks—Fraser, Weber.

Extemporizer's subject—The Political Situation in England.

Debate—Resolved, "That the Restriction on Liquor Brought Into American Ports be Withdrawn."

Affirmative—Scott, Struck.

Negative—Witaschek, J. Roberts.

Debate for two weeks—Resolved, "That the Ku Klux Klan Inures to the Best Interests of the United States."

Affirmative—W. Roberts, George.

Negative—H. Wilson, Ribelin.

The program to be given at the regular meeting of Gamma Nu this evening is:

Essayists—Adkins, Dale.

Declaimers—Scott, Cramer.

Orator—Roodhouse.

Two weeks—Williams.

Select Reader—Brown.

Extemporizer's subject—The French Railroad and the Eight Hour Law.

Debate—Resolved, "That the Resignation of Lloyd George and His Coalition Cabinet Will Result in a Betterment of British Politics."

Negative—Hickox, Blauvelt.

ARENZVILLE

County Supt. Walter E. Buck was a visitor at high school Monday morning. Mr. Buck gave a short talk to the high school on the value of high school training. At the close of his remarks Mr. Buck presented Miss Rosella Neiman with a medal. This medal was awarded to Miss Neiman by the Illinois State Historical society for the best essay in Cass county written on the subject "Pioneer Women of Illinois." The contest was conducted last spring. In the contest Miss Neiman chose for her essay the history of Mrs. Mary Ann Bates Beard, one of the pioneer women of the Arenzville neighborhood. The school has every reason to feel proud of this achievement, as the contest was open to such a large number of pupils throughout the county.

Theodore Lovekamp has entered high school.

The regular examinations for the second month of school will be held Thursday and Friday.

UKRAINE EXPECTS NORMAL GRAIN CROP

KHARKOV — Poverty and plenty today run hand in hand along the railroads in the Ukraine a country once known as the granary of Europe. There are bulging warehouses of grain at some stations, none at all at others, while beggars besiege the passenger trains at every village.

The Ukraine this year as last cannot produce enough food for its own people. The grain crops for 1922 are only 60 per cent of normal and soviet officials frankly admit that outside aid from relief organizations is necessary until next spring at least, especially among the children of the villages. The peasants, say the officials, are quite able to take care of themselves, excepting in the scattered districts where there was a crop failure due to drought or lack of seeds last season.

There are splendid crops this year in a few districts in the northern part of the Ukraine—especially as good as in normal times. But in the south great stretches of land were effected by hot weather and there is not nearly enough bread stuff to go around. Ukrainian officials say that with the aid of the central soviet government they are making arrangements to transport 4,000,000 poods of grain from the north to the south.

From districts where food has been scarce even in summer, people have been flocking to the towns. As a result there are as many beggars in the larger places as last year, when there was a crop failure. Some of the beggars are almost plump, while others are as thin as can be. They resemble the pictures of hungry natives of India, and appear barely able to move about. In the poorer districts the village dogs, too, have become beggars, like the dogs of India—gaunt, mangy creatures that eat ravenously even the canteloupe and apple peelings thrown from the car windows.

In addition to its fair grain crop in the north this season, the Ukraine has produced also about 13,000,000 poods of beet sugar, three times more than last season, but barely enough for the 30,000,000 inhabitants of the Ukraine Soviet republic itself. Ukrainian officials say they have plenty of potatoes this year, and that from present indications of the fall planting there are prospects of nearly a normal grain crop for 1923. This, they believe, would put the country on its feet again.

Swedish fishermen get prizes for good hauls.

GOETENBURG, Sweden, Oct. 28.—(By the A. P.)—Sweden is making a determined effort to stimulate the deep sea fishing industry of the West Coast, and at the same time to increase the national consumption of fish throughout the country. The state and local authorities are helping and encouraging fishermen in the purchasing of new boats and fishing tackle, and they are constructing up-to-date fishing ports. The government fisheries board is extending its research work on the habits of the fish and the whereabouts of the largest schools. A campaign to stimulate the public demand for fish as a more important part of the daily fare has been inaugurated, and certain newspapers are calling attention to the exploitation of fishermen by the middlemen. The latter are taking large profits the majority of which should go into the pockets of the fishermen, or be shared by the public in lower prices.

An interesting feature of this drive is the revival by the government of a custom nearly one hundred years old, of granting prizes to the mackerel fishermen of the West Coast for the best mackerel caught, sorted and packed for export.

Swedish fishermen take pride in their profession and they have long been grumbling over the fact that their mackerel has been sold and shipped to America thru middlemen in other countries. They have received reports that mackerel of inferior grades has been mixed in with these shipments.

In order to eliminate this cause of complaint, and to assure better quality and direct shipment with the virtual elimination of middlemen's profits, a co-operative asso-

ciation has been formed and backed by the Governor of the Gothenburg, Province, Oscar von Sydow, the Swedish Consul-General in New York, Olof H. Lamm, and others. The system of government inspection has been perfected, inspectors being detailed to the several ports where mackerel is packed for the American market. These men will see to it that mackerel of the highest grade only goes to the United States.

LITERBERRY AID SOCIETY HAD MEETING

Mrs. Clarence Thompson Hostess to Baptist Aid Thursday—Other Literberry News.

Literberry, Nov. 2—The regular meeting of the Aid society of the Literberry Baptist church was held Thursday afternoon at the home of Mrs. Clarence Thompson near Arcadia. The attendance was fairly good, three guests being present, Mrs. Frank Rolf, Mrs. Edward Young and Mrs. Nathan Neil.

At the business sessions plans were made for the annual Thanksgiving supper which will be served the night before Thanksgiving. Plans were also made to send a barrel of food and clothing to the

children at the Huddleston home at Irvington, Ill.

The program of the afternoon included two papers, one by Mrs. Joseph Litter on "No Time For Prayer," and another by Mrs. Earl Rexroat on "The Signs of the Times." Mrs. Durrell Crum gave several piano numbers which were greatly enjoyed. After a social hour and the serving of delicious refreshments the society adjourned until Thursday, Dec. 7, when a meeting will be held at the home of Mrs. Earl Rexroat.

**DEFICIT CANNOT
BE WIPED OUT**
(By The Associated Press)
WASHINGTON, Nov. 2.—
Treasury officials do not share the
belief recently expressed in other
high administration circles that
the federal government's \$670,-
000,000 deficit for the present
fiscal year can be entirely wiped
out by economies in current ex-
penditures.
Altho it was indicated at the

white house a few days ago that
President Harding believed a de-
ficit could be averted officials of
the treasury department said to-
day that in their opinion some
government borrowing would be
necessary to make both ends
meet when the final yearly bal-
ance is cast on June 30.

**GREAT PROGRESS
BEING MADE IN
RECONSTRUCTION**
Vice President Coolidge
Tells Medical Men at
Peoria
(By The Associated Press)
PEORIA, Ill., Nov. 2.—Vice
President Coolidge speaking at a
meeting of the Tri-State Medical
association tonight declared that
"we are an impatient people want-
ing immediate results without
going thru the necessary process
of reconstruction."
"We think we have not made
much progress," the vice presi-
dent said, "but when we compare
the period of three years, two
years or even one year ago and
the conditions as they are today,
we must come to the conclusion
that we have made a great deal of
progress and should be well sat-
isfied."
"Compare ours with other
nations," he said, "and we ought
to fall down upon our knees and
offer thanks that we have been
and are today American citizens
with the protection America af-
fords."
The vice-president reviewed
the work of the administration
and told of provisions made to
care for disabled soldiers. He
praised the budget system and
said hundreds of millions of dol-
lars have been saved by it.
Senator I. L. Lenroot of Wis-
consin also spoke to the doctors
and declared, "the physician who
used his opportunities to incul-
cate true principles of American
citizenship renders a service to
his country the value of which
cannot be measured."

The Style Clothes of America

Remember the story of the father
who gave his son paper, pen and
ink, locking him in a huge li-
brary and told him to write a
great poem. The boy had all
the material but lacked imagin-

Beautiful all-wool fabrics are of little
value until, by the wizardry of the tailor's
needle, they are fashioned into a stylish
garment.
"It is this extraordinary skill, this imagin-

**PRESIDENT GETS
PUZZLING MESSAGE**
(By The Associated Press)
WASHINGTON, Nov. 2.—One
of the many messages of greeting
received today by President Hard-
ing on the fifty-seventh anniver-
sary of his birth, was just a bit
puzzling to the chief executive.
It was from Henry P. Fletcher,
American ambassador to Belgium
and often one of the president's
partners at golf and concludes
with the words "hope you make
ninety."
The president was unable to
determine whether the "ninety"
referred to his golf score or the
number of his years but finally
decided that in either case it was
a worth while hope.

Springfield, Ill.
Nov. 2, 1922.
Editor Jacksonville Journal,
Jacksonville, Ill.
Dear Sir:—
After careful investigation following a political
controversy relative to the candidacy of Senator John
A. Wheeler in the April Primary, State Superintend-
ent of the Anti-Saloon League F. Scott McBride, who
has been in close touch with the political affairs of
Illinois for more than ten years, together with the
Headquarters committee, unanimously endorsed
Senator John A. Wheeler, Law and Order candidate
for re-election. Senator Wheeler has a good record
for law enforcement, fought by the wet faction on
account of this record, entitled to dry vote on his
record and leadership.
The Anti-Saloon League urge every dry voter to
support the League's endorsed candidates. Dr. John
A. Wheeler stands square against the nullification
of the United States Constitution.
Yours for law enforcement,
GEORGE H. YULE,
Supt. Central District.

Social Events

Hallowe'en Party at Haney Blimling's.
The G. T. S. club of Markham held a Hallowe'en party Monday evening, October 30th, in Haney Blimling's timber, west of the city. The merry party numbered thirty-one and consisted of the club members and their families. The guests all enjoyed roasting wieners around a camp fire, which had been prepared in the early evening. The menu was roasted wieners, sandwiches, pickles, popcorn, doughnuts and coffee, and which all gathered around the camp fire and had a social time.

Hostess at Bridge.
Mrs. J. D. Smith entertained at bridge Thursday afternoon at her country home near New Berlin. A large number of guests from Jacksonville were among those present and the trip was made by automobiles. Fall flowers were used in attractive house decorations and the appointments for the affair made it a most delightful event. After the hours spent in playing, luncheon was served.

Camp Fire Girl Entertain Mothers.
The Oecoca Camp Fire girls entertained their mothers at a party given last evening at the Pilgrim Memorial. The girls had planned a delightful evening with an informal program of music and games. At the close of the evening dainty refreshments were passed. There were about twenty five present at the affair.

Hostess to Mardi Club.
The Mardi club met last evening with Mrs. Stella Mahon as hostess at her home on Pine street. The evening was pleasantly spent with music and conversation and during the hours the hostess passed attractive refreshments. There are about fifteen members in the Mardi club.

Entertains Club and Guests.
Mrs. Clyde Singley entertained the members of the Priscilla club and their guests last evening at her home on West North street. This club includes about ten ladies and last night's affair was an open meeting to which the members invited their husbands and friends. A delicious evening luncheon was served and the evening hours very enjoyably spent in a social way. Fall flowers and foliage was attractively used in the house decorations and the event proved a most delightful one.

Luncheon at High School.
The first of a series of luncheons given at the high school was given today by Miss Grace Boddy. The Hallowe'en idea was carried out in the decorations and the menu consisted of chicken a la king, Parker house rolls, pickles, vanilla ice cream, cup cakes and almonds. The guests were Misses Newman, Juanita Coultas, Phoebe Boddy, Alma Winters and Dorothy Ranson.

Sunshine Club Enjoyed Weiner Roast at Park.
Members of the Sunshine class of Central Christian church enjoyed a weiner roast at Nichols park Thursday evening. The event proved a most pleasant one. Those present were Miss Shortridge, Miss Eulah Harshaw, Miss Toinette Cully, Miss Mary Bayless, Miss Margaret Piepenbring, Miss Vida Sloan and Miss Edith Ruyle.

Favorite Lodge Had Fine Program.
More than 200 members of Favorite lodge No. 376, Knights of Pythias, and their friends met at the temple last night for a special entertainment. The K. P. quartet including Dr. C. B. Magill, James Gayette, Ben Denny and Maurice Peckham, sang several selections. Then Miss Leona Mitchell gave a reading. Subsequently by courtesy of

the Northern Pacific railroad 100 slides showing the beauties of Yellowstone park were thrown on the screen with stereopticon. Hugh P. Green gave the description and the machine was operated by Edwill Scott. After this very interesting program came dancing, music being furnished by John Kearns' orchestra. The committee which arranged for this very successful evening included L. F. Jordan, J. F. Claus and J. E. Scott.

Entertained at Dinner.
While in Jacksonville Thursday evening Congressman Richard Yates was a dinner guest at the home of his relatives and long time friends, Mr. and Mrs. F. H. Rowe. Five or six friends of Congressman Yates also enjoyed the hospitality of the home.

Pinochle Party as Birthday Surprise.
Mrs. C. W. Fernandes, 206 Franklin street, entertained at a progressive pinochle party Thursday evening in honor of her husband's 26th birthday. The party was planned as a pleasant surprise for Mr. Fernandes. Prizes were awarded and light refreshments were served.

High School Juniors Hold Party in Gym.
The David Prince gymnasium will be the scene tonight of a party given by the Junior class of the High school, in which the plan, in charge of Margaret Curtis, call for athletic events. Refreshments will be appropriate to the appetites developed.

Bridge Luncheon Given Thursday.
Miss Florence Humphreys, Alexis, Ill., was the guest of honor at a bridge party given Thursday afternoon by Mrs. E. J. Mahoney, 703 South Diamond street. Three tables were set for the game which was followed by a course luncheon.

Hallowe'en Party Comes As Surprise.
Mr. and Mrs. George Souza were greatly surprised when 25 friends arrived in Hallowe'en costume and masks at their home on North Church street. Games and music were followed by a three course luncheon.

Party Given By Amcma S. S. Class.
A social evening was enjoyed by the First Baptist Sunday school Thursday evening at the home of Mrs. James Stout, 827 West North street.

Several stops will be made enroute. At Toledo Dr. Harker will meet a few graduates of the college and at Cleveland attend a luncheon of alumnae. He will spend a part of one day with Miss Katherine Dickens Cole and her mother at Garrettsville, Ohio. Miss Cole, who has a number of relatives in Morgan county, was for several years instructor in expression at the Woman's college.

Still another visit of a few hours will be at Westfield, N. Y., with Dr. E. C. Welch of grape juice fame, a long time and generous friend of the college.

MEMORIAL FOR WAR CHAPLAINS

(By The Associated Press)
WASHINGTON, Nov. 2.—Decision to establish a national memorial to the army, navy and marine corps chaplains who gave their lives in the service was reached today at a meeting here of the general committee on army and navy chaplains of the Protestant churches of the United States. Twenty-two chaplains made the supreme sacrifice according to the committee's record.

The committee decided today also to press claims before congress for larger appropriations in the annual army and navy budgets for the pay of chaplains.

GIRL PREFERS DEATH TO RETURNING HOME

(By The Associated Press)
RHINELANDER, Wis., Nov. 2.—Angered because of the attempts of her parents to persuade her to return to her home in Oshkosh, Miss. Jennie Ellison, 16, took poison in an effort to end her life.

According to police here the Ellison girl came to Rhinelander some time ago to work with another girl also from Oshkosh, but was taken home by her parents. However, she returned a second time and this time her folks requested local officials to hold her until their arrival. Physicians say she will recover.

Mrs. Allan F. Ayers of Akron, Ohio, who has been visiting her mother, Mrs. E. B. Hamilton in Quincy, arrived in Jacksonville last night and will be a guest for several days at the home of Mr. and Mrs. Walter Ayers on West State street.

INJURED BY FALL

Mrs. Hazel Challiner was painfully injured recently when she fell thru a porch floor at her home. She received medical attention and will be unable to get out for several days.

WOMAN DESPONDENT ATTEMPTS SUICIDE

Mrs. Anna Mae Travenier Makes Attempt to Take Life Thursday Afternoon—Husband is Inmate of Jacksonville State Hospital.

Suffering from despondency, probably because she was unable to see her husband who is an inmate in Jacksonville State hospital, Mrs. Anna Mae Travenier attempted to commit suicide by taking carbolic acid at the Jefferson house in Illinois avenue about 5:30 o'clock Thursday afternoon. Shortly after taking the poison Mrs. Travenier was discovered lying at the foot of the stairs in the hotel by E. F. Emery, who is also an employee. The police were notified and Patrolmen Williams and Baker responded and the woman was rushed to Passavant hospital where she was attended by Dr. W. P. Duncan.

While Mrs. Travenier's condition is regarded as serious, word from the hospital at an early hour this morning indicated she was resting comfortably and possibly would recover.

According to authorities of Jacksonville State hospital, Roosevelt Travenier, husband of the woman, was brought to the institution about a month ago from Hamburg, Calhoun county, Illinois.

His wife, police say, followed him here about two weeks later. It will be remembered that about that time five patients made their escape from the hospital by sawing the iron bars on one of the windows of the ward in which they were confined.

One of these patients was Travenier. The hospital authorities suspected Travenier's wife of smuggling the saw in to the patients which enabled them to escape. When the woman called at the hospital Thursday afternoon to visit her husband she was on this account not permitted to see him.

It is the opinion of the police Mrs. Travenier then came back down town and purchased the poison and went to the Jefferson House and drank a quantity of it. The label had been torn from the bottle so that it was impossible to find where it was purchased.

Mrs. Travenier is about 18 years of age. She had been employed at the Jefferson House for the past week.

CONGRESSMAN YATES HEARD AT MEETING

Prominent Illinoisan Given Cordial Welcome
to Old Home City—Held up to Proud Re-
view Party Record from Lincoln to Hard-
ing—Praised G. O. P. Accomplishments

Congressman Richard Yates, ex-governor of Illinois, came to Jacksonville at noon Thursday and last night addressed a great mass meeting in the auditorium of the Jacksonville high school. The room was filled with men and women, Republicans and Democrats, many of them old time friends of this former citizen.

Congressman Yates made what might be termed an old fashioned Republican speech but at the same time it was entirely modern, and after referring to the brilliant history of the party, questions of present day interest were discussed.

One thing is certain, the auditors could not leave without carrying away with them the message that whatever of progress and good business there has been in the history of this country during the last sixty-two years, those conditions can be attributed to the Republican party.

At the meeting last night State Auditor Andrew Russell presided as chairman, after being introduced by C. F. Wemple, chairman of the county Republican central committee. Congressman Guy L. Shaw made brief remarks as did Mrs. Ila Emmott of the National Republican Women's organization. S. E. Moore, candidate for member of the legislature, also spoke briefly and Chairman Russell expressed the regret of Dr. Rogers and Earl B. Searcy that of necessity they had to leave for Springfield before the conclusion of the meeting.

Mr. Russell gave to the audience the message of Mr. Searcy to vote against the proposed return of beer and wines next Tuesday—that he would vote that way.

Along with the Republican candidates for Morgan county, there were a few other members of the party, including Mrs. John J. Reeve and Mrs. Grant Graff as representatives of the district and county women's organizations.

Interest in the evening program was greatly increased by several selections by a quartet including Messrs. Hackett Wilder, Homer Wood, C. E. Drummond and Roger Carter. They sang first a stent song, then an encore "Keep on Rolling." On their appearance "Wal" I Swan" was the song and additional verses were given after an enthusiastic encore.

Congressman Yates was at his best and that is equivalent to saying that the audience was at once entertained and informed on the issues of the day. Paragraphs from the address are given:

Words of Appreciation
Called by the voice of partial friends among you—a voice in which all have united—I am proud and happy to say all factions and elements have united. I have come here tonight to say a few words upon this important occasion, and in this important presence. I respond to the call with pleasure altho I know well that many a man and woman among you might have been honored with this invitation with more propriety.

I am not for one moment so egotistical as to suppose that you have come here solely to listen to me. Some of you old fighting friends have done so, but most of you have come because you are interested and interested deeply and conscientiously and vitally in public affairs—in the things that concern us all, a most commendable thing for you to do.

But while you have not come here to see me, I always feel very deeply that sense of obligation which as it seems to me every

man ought to feel who has the audacity to stand up before any considerable assemblage of his fellow citizens and to talk to them about the things that concern us all.

Especially do I feel this deep duty when I speak in Jacksonville Morgan County has given me real opportunity but it has thereby imposed real obligation. It has its vision concerning me. It gave me all it had to give and said "Take this and succeed." Thereby it acquired the right to criticize if I don't succeed. It has exercised that right and properly so. As long as I live and wherever I live I shall always feel accountable to Morgan county and its people.

In Earlier Years
I drummed a little drum for Grant and Colfax in 1868, whenever my mother would let me out. Drummed a bigger drum in 1872 for Grant and Wilson, and drummed in a real drum corps for Hayes and Wheeler in 1874. I carried my first torch for Garfield and Arthur in 1880, cast my first vote in 1882, and in 1884 was the proud young chairman of our proud county committee, which followed to undesired defeat the plumed knight and the black eagle, Blaine and Logan. I am for them yet. And ever since, no trip has been too long, no road has been too rough, no night has been too dark for me—too dark for me to go up and down this whole state from 1862 to 1922—forty years—advocating the sublime principles of the Republican party.

And so, it is quite natural (and quite characteristic and quite expected) for me to stand up tonight in good old Jacksonville

"I am always glad and proud to speak of and in behalf of the Republican party, because I believe that that old party is the best party for you and for me and for the American people."

In the first place, the Republican party of glorious names, Lincoln, Fremont and Hamlin, Sumner, Seward and Grant, Garfield, Arthur and Blaine, Harrison, Tom Reid and McKinley of Ohio, and—yes, added to them—Roosevelt and Taft and Hughes and Harding—what a glorious roll it is!

Every one of those names is written in letters of living light, high on the temple of fame, and letters of lasting fire deep in the hearts and souls of men. O, young men and maidens, O boys and girls, forget it not—one but a Republican can call that glorious roll and claim those names of glory.

Best Labor Party
My fellow citizens, let us make no mistake. This party of ours has been in fact the best labor party.

In 1892, believing the Democratic party, that the rich were growing richer and the poor poorer under Republican administration, many thousand workmen voted against the Republican ticket.

No longer is the tramp army in the country. No longer is the soup-house in the city. No longer do men, women and children starve or beg or fight for bread. As before 1892, every furnace fire was burning and every factory wheel was turning; so now, in 1900, the fires are again burning and the wheels are again turning, and the people are again learning the important lesson that when the Republican party is in power the American people eat more bread, wear more clothes, own more homes and have more happiness. The Republican party has kept its promise to restore prosperity to labor.

Best Business Party
Would the Democracy, if it were returned to power, repeal the budget act which has made possible the reduction of expenditure and taxation?

Would it substitute the old complex and onerous Democratic revenue act for the simple, more scientific and less burdensome Republican revenue act?

Would it repeal the act which afforded credit to depressed agriculture prices and so restored the interior market to the American manufacturer and workman? Would it restore to the payroll the tens of thousands of federal functionaries who have been sent to find productive employment? Would it open wide the doors to countless hosts of immigrants

at the time when the American workman at least is secure in his job?

Would it abrogate the Washington treaties substituting war for accord in the Pacific and restore competition in armament in lieu of limitation of naval forces by agreement?

Best Patriotic Party
The Republican party has always fostered patriotic sentiment at home. It has given preference in honor and office to thousands of veteran soldiers. It has increased the nation's prestige abroad. It has made anew the navy. For forty years it has held the old flag on land and sea, at home and abroad, higher in honor than ever before.

Democratic Party Record
It always abandons its slogans and war-cries and guiding stars. Like the confused sailor it is always crying, crying: "O, captain, give us another star to steer by, for I've got by that North Star!"

The Do-Nothing Congress
Well, congress passed 259 bills, about one per day, this last congress, the 67th. I have time to mention only one or two. It so amended the revenue or income laws as to reduce the taxes by one billion dollars—a thousand million dollars. It passed appropriation bills so low that the expenditures this fiscal year, ending June 30 next year—1923—will be one billion dollars, one thousand millions.

And most notable of all—a thing truly remarkable and marvelous—the laws passed by congress were such that the administration between March 4, 1921 and July 1, 1922, reduced the nation debt by over one billion—in fact, by 1500 millions.

Our fathers felt they were doing very well when they reduced the debt one billion in fifty years—1865 to 1915. Please get this: the nation debt in 1865, at the close of the Civil war, was two billions; after fifty years—in 1915—it was still one billion; in other words, in fifty years the debt was reduced one billion. We have paid off one billion in one year—and yet reduced the taxes.

A Word of Caution.

Don't expect too much. You can't wipe out eight years of misrule in eight months. You can't cure an eight year disease in eight months or eighteen or twenty. If you had been sick since 1916, as this country has been, you would have to go thru a period of convalescence—getting well. This world has been a sick world since 1914—a very sick old world. It cannot get well in a minute. It will not be normal again for fifty years. Why should it be thought possible for the Republican party in two years or four, to make right all the things the Democrats made wrong in eight years?

In 1879 old John Sherman said: "The way to resume is to resume." But he couldn't say that until eighteen years after 1860. And in 1789 George Washington was still writing letters urging the formation of a constitution—six years after peace and eight years after the surrender of Cornwallis.

I don't believe the people join in or approve the clamor now being raised by a few Democratic editors and candidates, shouting "Do nothing congress." The people are fair minded; they play fair. They will give this administration a chance to do four years' work.

Women Voters.
I will be pardoned and not condemned, I am sure, if I say I am glad to see the women voters here in such numbers. I cannot be accused of flattery or buncombe. My record is right. The first bill on which I voted in congress was the woman's suffrage bill. I voted and I voted right; I voted aye.

In connection with this vote of mine there is an interesting thing. My father was your congressman in 1861-2-3 and 4. His first election occurred Nov. 5, 1850. He was sworn in March 4, 1851. About the first people he met, the first people into whose outstretched hands he fell, were Susan B. Anthony and Elizabeth Cady Stanton. He rendered instantly and became a fiery champion of woman's suffrage. The papers of this district ridiculed him, but he never wavered for twenty years—from March 4, 1851 to March 4, 1872, except four years when he was governor, he introduced a woman's suffrage bill every year.

Well, the years rolled around—1861, 1871, 1881, 1891, 1901, etc., and on March 4, 1919, I was sworn in as congressman at large. And the very first roll call called upon me to vote for or against woman's suffrage. Of course I voted aye. And as I sat there and did that I thought how strange is life. I was helping realize my father's ideal after seventy years. And in doing so I cast a vote laughed to scorn only seventy years ago.

No greater deed was ever done than was done when America's daughters were given the ballot. The Republican party is proud that it helped in this, and is positive that the ballot is in the hands of these conscientious women of our land.

Favors Soldier's Bonus
"I want to say to you that I voted in favor of the soldier's bonus bill when it was sent to the president and I voted again for it when it came back and I expect to keep on voting for such a measure when presented."

"I could not take other action and be true to the pledge I made during the war time as I stood in Springfield and addressed 250 or more of our boys just entering the service. I pledged them that we as Americans would stand behind them while overseas and care for them and stand behind them with equal strength after their return to the home land. I could not vote otherwise as I remember the sights my eyes beheld at the Argonne, the Belleau

Baking Powder—that's the big thing in successful baking

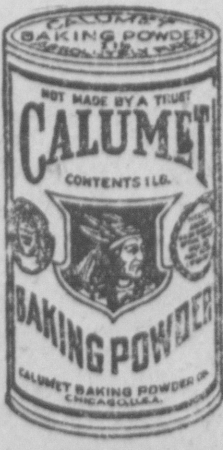

It determines failure or success in baking, more than any other ingredient.

If you do not always have satisfactory bakings, change to Calumet for just one trial.

It is pure; containing only such ingredients as have been officially approved by U. S. Food Authorities.

Within the Calumet factories—the largest and most sanitary on earth—hundreds of skilled workers clad in white are busily engaged in producing the baking powder that is used by millions. Human hands never touch it. Its sale is 2½ times as much as that of any other brand. Pure in the making—pure in the baking.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

THINKS FALL OF SIGN MERCHANTS' WARNING

Its fastenings rusted by time, and answering the call of Halloween, a heavy sign over the Coffman millinery fell from its moorings Tuesday morning, landing with a weight which a man would not care to try lifting, much less stopping, at a spot where only a moment before the proprietress had been standing.

The sign, like many other Jacksonville signs, has been hanging for years with little attention. The present proprietress of the store, that little about the sign, as its lettering was obliterated and it was of little value.

TALK PLANS FOR ENLARGING PLANT

Industrial Committee of C. of C. Considers Enlarging of Rothchild Clothing Plant.

The industrial committee of the Chamber of Commerce met Thursday afternoon in the organization headquarters to consider the question of enlarging the plant of the Rothchild Clothing company in Jacksonville. As Mr. Rothchild is out of the city it was decided that no definite action should be taken until his return from Chicago. At that time the committee will confer with Mr. Rothchild in regard to providing some method of financing the enlargement of the present plant.

Since its location in Jacksonville, the business of the Rothchild Clothing company has increased steadily and the quarters which the plant now occupies are proving inadequate for the needs of the factory. More room is needed and it is a problem to find a suitable location for the factory. There are not any buildings now available in the city which would meet the needs of the factory and it is probable that a new building will be erected or an addition to the present building constructed.

If additional quarters for the factory are secured it will only be a question of a very short time until more than two hundred people will be employed. The amount of business and the demand has so increased that, were larger quarters available, the output of the Rothchild Clothing company would be very greatly increased. The industrial committee of the Chamber of Commerce will meet again next week and, in conference with Mr. Rothchild, will attempt to formulate a plan for financing the enlargement of the plant.

RED CROSS NOTES

The Home Service Advisory committee of the Red Cross met last evening in the rooms at the Public Library. Routine business was transacted and matters of particular cases were brought up for discussion.

Industrial Harmony Promotes Better Service

LABOR controversies are productive of needless loss to employee, employer, and to the public. This basic fact has long been recognized by the Standard Oil Company (Indiana) and is one reason why the Company has stressed the necessity of industrial harmony within the organization. It knows that through such harmony it can render the public a better service, and that by rendering such service the Company, its employees, and the public will profit.

In the Standard Oil Company (Indiana) every man earns his job; none inherits it. Every man has confidence in the knowledge and experience of his superior. Every employee knows that when he has earned promotion he will be advanced, for this is the time-honored policy of the Company, and, naturally, creates a spirit highly favorable to excellence of service.

Every member of the Board of Directors of this Company holds his position because of his experience and because he possesses specialized knowledge of the oil industry. From the Chairman of the Board to the man who fills your tank at a Standard Oil Service Station, every employee is inspired by a real desire to make the Company of the utmost service to the community.

Industrial harmony within the organization is the goal toward which the entire organization is striving. Every man and woman knows that such harmony works for happiness and contentment, promotes efficiency, and increases their power for service.

Industrial harmony means industrial progress. Industrial progress is made through co-operation, not through antagonism; through peace, not through controversy; through conservation, not through dissipation of energy.

Industrial harmony inevitably results in profit to the public by reducing the prices at which commodities may be sold. This is well exemplified in the Standard Oil Company (Indiana).

The conditions obtaining in this organization are not accidental; they are largely the result of a sane, constructive program "which avoids the foolish waste of radical experiment, the costly breaches of economic law, the unhappy consequences of social injustice."

WHITE HALL GIRL IS OCTOBER BRIDE

Miss Jessie Greer and Paul B. Alexander of Chicago United in Marriage—Other News Notes From White Hall.

White Hall Nov. 1.—Announcement has just been made of the marriage in Chicago last Sunday of Miss Jessie Greer, daughter of Attorney and Mrs. J. F. Greer of White Hall, and Paul B. Alexander of Chicago, the ceremony taking place in the parsonage of Buena Memorial Presbyterian church in that city at 3 o'clock in the afternoon by the pastor, Rev. Henry Hepburn.

The couple left on a lake trip following the ceremony. The bride is well known beyond the confines of her home town of White Hall as a musician and as a public school teacher of music and voice. She is a gifted violinist. She graduated from the White Hall high school in 1906, and spent several summers in attendance at the state normal school at Normal, two summers terms at the American Institute of Normal Methods at Evanston, and one summer term at the Mary Wood Chase School of Musical Arts, Lindington, Mich.

She spent three years in the Illinois College Conservatory at Jacksonville where she studied voice, violin and theory, receiving a diploma in June, 1914. She was supervisor of music in White Hall, Hamilton, Ill.; Somerset, Ky.; Prescott, Ariz., and in Southwestern College, Winfield, Kans. as well as in local county institutes. During the war she took a position with Marshall Field & Co., in Chicago, where she continued for nearly four years, when she returned home three months on account of her mother undergoing an operation.

Mr. Alexander has visited in White Hall, and is favorably known as a young man of sterling qualities of character and very

EPIDEMICS CAUSE ALARM IN WHITE HALL

Scarlet Fever and Diphtheria Epidemics Call for Drastic Action on Part of Health Authorities.

White Hall, Nov. 2.—The local public health situation has demanded drastic action to bring under control a condition under which there has been a spread of scarlet fever and diphtheria. The cause of the present situation varies according to the viewpoint. Mayor H. W. Roodhouse last week summoned a representative of the state board of health to a conference with the local board of health as to measures to enforce quarantine regulations. This conference evidently failed to produce the desired result, as on Monday two state health representatives reached White Hall in the persons of Drs. A. M. Austin and A. W. Nauss. They proceeded to confer with health, school and medical authorities with the result that on Tuesday there was a cultural examination of every school pupil for diphtheria and scarlet fever germs. Each case was numbered, and the pupil ordered home until the results of the analysis is determined, when each pupil will be notified of results and as to when they shall return to school. This proceeding will cause a cessation of school activity for the remainder of the week.

In addition to the above, Mayor Roodhouse issued a proclamation requiring a rigid enforcement of quarantine regulations, and that where there is no physician in attendance it is the duty of the patient to report to the health authorities any suspected case under penalty of \$500 in and six months in jail for failure to comply.

One doctor explains that there has been a disagreement over the nature of prevailing illness among children. Two deaths occurred that were attributed to membranous croup, while other physicians claimed the ailment was diphtheria, the disease being related. The light form of the cases of scarlet fever rendered it difficult for the doctors to maintain quarantine, while it is declared that some such cases among children were taken to Roodhouse in an effort to escape quarantine. This condition produced results that left no alternative but to take drastic action to stop these infractions of health regulations. There are seventeen quarantine signs now posted, according to City Marshal Tatman, who stated that there has been no new case since Monday, and that it is agreed that the situation is well under control. Mr. Tatman divides this total as ten scarlet fever and seven diphtheria or membranous croup.

Every school pupil is required to remain at home until each hears the report of each individual case, when they will be allowed to return to school if the analysis shows no germs of the diseases prevailing in the grand total of seventeen homes throughout the city.

Weather Report
October produced higher temperature than any previous October in the history of the White Hall station of the weather bureau, according to the summary for that month issued by R. B.

Pearce, cooperative observer. The highest reading was 93 degrees, which recorded on the 2nd and the 3rd, and the lowest 28 on the 18th, on which date occurred the first killing frost of the season. The average temperature was 58.3 degrees, 3.1 higher than normal. The mean maximum was 72.3 and mean minimum 58.3. The previous high reading for October was 90 degrees in 1916.

The total precipitation was 1.93 inches, 0.95 of an inch less than normal. The greatest in 24 hours was 1.29 inches on the 6th. There were four days with precipitation of 0.01 inch or more, fifteen clear, seven partly cloudy and nine cloudy days. A rain set in as this report was closed, and it amounted to 0.75 of an inch.

Young People Wed
It is becoming a practice to maintain silence with regard to weddings so long as the facts can be held to secrecy. A well known and highly regarded young couple went to Winchester last Saturday with the view of being united in marriage by Rev. W. R. Johnson, pastor of the Baptist church, and in his absence the couple went to the Christian church parsonage and were married by Rev. Elmore. The contracting parties were Mervin Kilbreath and Miss Hallie Smith. The bride has been connected with the local telephone exchange for some time, and the couple will make their home with the bride's mother, Mrs. Henry Smith, in the north part of the city. The groom originates from Patterson, and is employed in the round house at Roodhouse.

NEW MANAGER FOR MONUMENT COMPANY

William Raedner Is Again In Charge of Jacksonville Monument Company.

The directors of the Jacksonville Monument Co., are pleased to announce that they have again secured the services of William Raedner as Manager, Secretary and Treasurer of their company. Mr. Raedner is well known to Jacksonville, Morgan county and vicinity, having been in this line of work all his life and a business man of Jacksonville for over 25 years. He has designed a number of the handsomest pieces of marble and granite work to be found in this city's cemeteries and surrounding towns.

In addition to understanding the work of designing and planning, Mr. Raedner has a thorough knowledge of all the details of the business and knows what is wanted in the way of material, which, combined with the knowledge and art of making the best of it, makes the monuments turned out by this company superior to any that can be turned out anywhere in the country.

Mr. Raedner invites the purchasers of Jacksonville and vicinity to call upon him at the company's office, 330 East State street, before placing their orders.

LEAF RAKING AT COLLEGE NEXT WEEK

Action was taken by the senior class of Illinois college Thursday morning to assume responsibility for the celebration of Leaf Raking day. Preparations for the serving of picnic supper have already been made by the women of the faculty and of the faculty families, assisted by contributions of food and money from the students. This has been very satisfactory in results, but it was felt that it could be handled more easily by people on the grounds.

The leaves are pretty well fallen from the campus trees, and the faculty has announced that it is ready to grant the half holiday customary for the historic rites connected with the raking of the campus. It is on this day that the proceedings of Dorm court are brought to a close by Freshman entertainment under upper-class management in the evening in the gymnasium.

This year the court has roused less antagonism than formerly by keeping a dignity and solemnity worthy of a corrective institution, and the green-cuppers have responded to the absurd penalties given in a sportsmanlike manner which has uncovered some hidden talents for comedy and entertainment.

LAFAYETTE IS STRONG FOR GRID COACH

COACH SUTHERLAND

Much of the success that Lafayette has enjoyed in football of late is due to the work of Coach Jack Sutherland.

Sutherland learned much of his football knowledge from Pop Warner at Pittsburg. Recently Sutherland had the honor of putting it over on his mentor, Lafayette defeating Pittsburg 7 to 0.

Sutherland is now preparing his charges for the big game at the Polo Grounds in New York with Washington and Jefferson on Nov. 4.

The Lehigh game is always the feature of Lafayette's schedule. It means as much for Lafayette to win this game as it does for Harvard to beat Yale and Princeton. Lehigh should be easy for Lafayette this year.

Miss Mildred Thornley of Ashland spent the day in the city yesterday as the guest of friends.

NEW UPHEAVAL IN BIG TEN FOOTBALL CIRCLES YESTERDAY

Illinois and Wisconsin Both Lose Player Thru Ineligibility

CHICAGO, Nov. 2.—A new upheaval in western conference football circles over the eligibility of players was seen today in the simultaneous announcement that two stars—Donald Murray of the University of Wisconsin and Allison R. Augur of Illinois—had been barred.

The protest against Murray was made by Coach Zupke of Illinois and upon being notified that the player had been declared ineligible, Coach John R. Richards of Wisconsin, declared "he would protest five members of the Illinois squad."

Richards was quoted as saying he was much disappointed at the loss of Murray from the game with Minnesota Saturday.

The disbarment of Augur and Murray came as an echo of the famous Taylorville-Carlinville professional game of last fall which resulted in the virtual disruption of both the Notre Dame and Illinois football squads all of the members of the two teams who took part in the contest being ruled out of further participation in conference athletics.

Richards declared he would fight the Murray case to a finish in the hope of having the ban removed. He asserted that if Murray was ineligible many other players in the conference are also. In the case of Illinois he named Green, Augur, Yates, Robinson and Durant all of whom he said had violated the regulations of the conference.

The first eligibility troubles developed this year when Ohio State protested two Michigan players one of them being Roby, star half back.

Augur, when questioned today by George A. Huff, director of athletics at Illinois admitted he has played in the Taylorville game and was ordered to turn in his suit and leave the squad without waiting for any further action by conference officials. Previously Illinois had banished Mullens, one of its most promising football candidates, from the squad. After the protest from the Badger leader was received, Green, Robinson, Durant, Augur and Yates were questioned, but all except Augur asserted that they had not played professional football. Murray of Wisconsin, was said to have admitted taking part in a professional game, but to have held that it did not affect his standing as he had not taken any money for his part in the contest. Huff tonight declared that the Illinois authorities were satisfied that the charges against Green, Yates, Robinson and Durant were unfounded and that they are innocent.

MIKE PRENDERGAST IS REINSTATED

Chicago, Nov. 2.—Commissioner Landis tonight reinstated Pitcher "Mike" Prendergast, formerly of the Philadelphia Nationals who was placed in the suspended list for playing with ineligible. He applied for reinstatement last spring but was advised that his return to eligibility would have to be preceded by a year's disassociation from outlaw players. He will be returned to the Philadelphia reserve list.

BENTLEY BRINGS \$65,000 IN CASH

Chicago, Nov. 2.—Baseball Commissioner Landis, announced today that Pitcher Jack Bentley of the Baltimore Club cost the New York Giants \$65,000 in cold cash and three players to be delivered on or before next March 20. In the event the players are not satisfactory they are to be returned to the New York club by April 5.

Michigan Boasts Two Great Stars

Captain Goebel and Kipke Stand Out

BY BILLY EVANS

In Captain Goebel and Halfback Kipke Michigan has two candidates for the All-America.

No end in recent years has played a greater game than that which Goebel put up against Ohio State.

For three periods Goebel was the mainstay of the Michigan eleven. He seemed to be in every play. It was always Goebel who was gumming things up for State.

No man could go through an entire game at the speed with which Goebel played the first three quarters. It was beyond the power of any human being. With a few minutes to play in the third period the big fellow practically collapsed.

Even when three or four of his teammates were carrying him off the field the old spirit was still there. He tried to induce his teammates that he was able to play, and tried to break away from their grasp, but the punch was gone and he was forced to give way as the big crowd cheered him to the echo.

First Kick Field Goal
If any one man made possible the defeat of State by Michigan it was Captain Paul Goebel. In the first period he kicked a field goal from the 30-yard line. That goal gave Michigan the needed confidence, it tended to disconcert State.

Only a few minutes before Goebel had made possible the chance to kick goal by sifting thru the secondary defense and blocking Workman's punt. The blocking of that punt was the first break in the game.

In the second period, with the ball on State's 30-yard line, a rather poor pass by the State center, which hit Blair on the back because he also started too quickly, caused a fumbled ball. Once again Captain Goebel was the hero. Following the ball closely

Notes from the Big Ten Camps

WISCONSIN
Madison, Nov. 2.—Weakened by loss of Murray regular tackle and by injuries to backfield men the University of Wisconsin football team left tonight for Minneapolis where it will meet Minnesota Saturday.

The Wisconsin tackle was suspended from competition after Illinois protested his eligibility. Jimmy Copen, second string man will take the tackle position.

CONCORD MAN LOSES FINGER

Charles Long of Concord is a patient at Passavant hospital as a result of injuries sustained on Wednesday when he mashed his hand while working on the railroad near Pisgah. Mr. Long is employed by the C. B. & Q. and was injured when at work Wednesday afternoon. His hand was caught in a rail link and badly mashed. He was brought to Passavant Hospital and it was found necessary to amputate one of the injured man's fingers.

EASTERN EXPERT LAUDS IOWA TEAM

Regards Parkin as One of the Greatest Quarterbacks He Ever Saw

BY BILLY EVANS
What do the eastern experts think of Iowa, the conqueror of Yale?

Recently I put such a question to one of football's leading authorities.

This expert attended the Yale-Iowa game as a scout. He was there for two purposes, to scout both Yale and Iowa. It happens that one of the western teams to play Iowa is coached by a personal friend and he was there to pass on his impressions to said friend.

First I asked him what he thought of Locke, who I regard as one of the best fullbacks the west has developed in years.

Locke Fumbled Badly

"Locke has a lot of drive and determination, but against Yale he spoiled his efforts by fumbling after being tackled," he said. "In a measure this fault may be attributed to the terrific tackling of Mallory, the Yale back, who is undoubtedly one of the greatest defensive backs of modern football. Defensively Locke played a great game, offensively he was a bit of a disappointment."

A year ago I had sung the praises of Aubrey Devine to this eastern expert. I was much interested in getting his impression of Leland Parkin, successor to Devine at Iowa.

"Prior to the Yale-Iowa game a number of people told me that while Parkin was a good quarterback he was not a patch on Aubrey Devine. All I have to say is that if Devine was any better than the Parkin who played against Yale he must have been nothing short of supernatural."

Parkin Rated Real Star

"I have also been informed that Parkin is a sophomore and the contest with Yale was his first big game. If this was his first big game, then I must predict that Parkin is one of the seven wonders of the world. If Parkin could only be used as a punter, and using this attribute as a threat, he could easily be classed as one of the greatest football players of the present generation."

"One of the very few criticisms that I could offer against Iowa's play was the punting. The criticism I desire to make is merely against the style of punting. Minnick, the Iowa guard who did the kicking, had plenty of distance to his boots, but his kicks were far too low. In fact, so low that his ends were not able to cover his kicks in true football fashion. This fault allowed Yale's defensive backs to run back most every kick 60 per cent farther than they should have under other circumstances."

Iowa Was Well Coached

"Iowa was well coached in the fundamentals. Yale was in better shape physically. Iowa tired badly in the third and fourth periods."

"While the formations of Iowa bewildered Yale for some time, I personally feel that any team with two high-class tackles and a couple of good ends could stop Iowa's formations any time. The dope I am sending west on Iowa should make it a bit harder for the 'Big Ten' champions."

There you have the dope from an eastern football authority who, to my way of thinking, has few, if any superiors in a working knowledge of football. Because of his connections both as coach and official I do not feel that I can in justice to him use his name in connection with the interview.

The outcome of the Illinois game in which Iowa had a tough time winning, 8 to 7, after being outplayed during the greater part of the game, made me think that possibly the eastern expert had passed the dope along to Coach Zupke of Illinois.

MISS HURST WEDS CHARLES MORRISON

Ceremony Said at Home of
Bride's Parents Thursday Eve-
ning—Will Reside on Farm
Northwest of City.

In a ceremony performed last evening at the home of the bride's parents, Mr. and Mrs. John M. Hurst, 311 West Morgan street, Miss Gladys Hurst became the bride of Charles Morrison who resides northwest of the city. The marriage rites were said at seven o'clock and Rev. A. P. Howells, pastor of First Baptist church officiated at the service.

A few relatives and intimate friends of the young couple were guests at the wedding and the couple were attended by Miss Ellen Cruzan and Everett Patterson of Jacksonville.

The bride wore a dress of white crepe de chine banded with white satin ribbons and carried a bouquet of bride's roses. Miss Cruzan also wore white and carried an arm bouquet of pink roses. Little Edward Lee of Springfield was the ring bearer.

Following the ceremony a wedding supper was served. The house had been attractively decorated for the occasion in green and white. Banks of fern, green plants and white chrysanthemums effectively carried out the

color scheme. The bride and groom left last evening for a short wedding trip and will be at home northwest of the city upon their return.

The bride is the daughter of Mr. and Mrs. J. M. Hurst and has always lived in Jacksonville. She was educated in the local schools and for some time was employed in the Waddell and Company store. Mr. Morrison is the son of Mr. and Mrs. George Morrison of the Joy Prairie neighborhood and has always made his home in Morgan county. He has been engaged in farming for several years past and he and his bride will make their home on a farm northwest of Jacksonville. Mr. and Mrs. Morrison are both popular with a large circle of friends.

The Wallace Orchards are now offering Gano and Ben Davis apples on the trees to those who want them at from \$1 to \$3 per tree. Trees will run from 5 to 15 bushels to the tree. Open Sundays. Plenty of good sweet cider. Bring your own container. WALLACE ORCHARD CO. Chapin, Ill.

ECONOMY in REPAIRS

You pay more when you shop around for small repairs.

Why?

Its just like when you go to a competent physician. He has to first make a complete examination of all your working parts to get a thorough knowledge of the general condition.

You must help us even out our peak load.

Why?

If we carry force enough to give every customer prompt service for two hours during the 24 you have to pay for the extra idle time.

Try to concentrate all your work and give as much range of time possible for each job.

We are trying to solve the problem of economical repairs.

Are you with us on this?

We need your help and co-operation.
